Chess Explained is a new series of books about chess openings. They are not theoretical works in the traditional sense, but more a series of lessons from a chess expert with extensive over-the-board experience with an opening. You will gain an understanding of the opening and the middlegames to which it leads, enabling you to find the right moves and plans in your own games. It is as if you were sitting at the board with a chess coach answering your questions about the plans for both sides, the ideas behind particular moves, and what specific knowledge you need to have. The Taimanov Sicilian is one of the most flexible options for Black in the Open Sicilian. Black avoids committing himself to a rigid set-up, and tailors his response once White has shown his hand. This can lead to a great variety of central structures, and the player with the better understanding of typical Sicilian themes will often emerge victorious - Taimanov positions need to be understood well in order to be played well. Many of the post-war World Champions have used the Taimanov, and amongst the current world elite, Anand has played it most frequently. This

book covers the Paulsen set-up with ...Qc7 in addition to the 'pure' Taimanov with ...Nge7.

The Sicilian Taimanov arises after the opening moves 1.e4 c5 2.Nf3 e6 3.d4 cxd4 4.Nxd4 Nc6, and is an ideal weapon for Black in the modern era. It is theoretically sound, and strikes a perfect balance between solidity and dynamic counterattacking potential, making it a popular choice among club players and top grandmasters alike. Pavlidis shares top-class analysis as well as expert knowledge gained from his many years of experience with the Taimanov.

Grandmaster John Emms examines his favourite Sicilian variation, the Taimanov. He shares his experience and knowledge from over 15 years playing the opening at grandmaster level, and offers answers to the all the key questions.

The book you hold is the first work of GM Sethuraman and contains his efforts to find new paths and fresh perspectives on these two variations of these famous Sicilians. We hope you gain from information in this book as well as simply enjoy the games themselves.

Johan Hellsten reveals his Kan secrets, showing how Black can play this opening with confidence and providing the reader with a dependable repertoire.

Experienced grandmaster Sergey Kasparov presents a surprising way to combat The Sicilian Defence, Black's most popular choice against 1.e4. White unbalances the position of his opponent right from the start, gains space and prepares to steamroll his way to victory. This repertoire is complete and contains many new ideas and improvements on existing

opening theory. Kasparov writes lively, personal and highly instructive prose, and includes many exercises to test the amateur reader.

The Bg5 lines of the Queen's Gambit Declined include some of the most popular and important opening systems at all levels of play. Here, for the first time in many years, a strong and experienced grandmaster covers all lines of this opening in objective fashion. Lalic fully acquaints readers with the main lines, and prepares them to face unusual systems and rare gambit ideas with confidence. Among the lines covered are the Exchange Variation, Tartakower Defense, Lasker Defense, Cambridge Springs and the Classical Orthodox Defense, all of which have been used at World Championship level. This book contains comprehensive coverage of an important opening system written by a top-class grandmaster with strategic guidance for both White and Black. (5 3/4 x 8 1/4, 208 pages, illustrations)

Everyman Chess are delighted to present two further offerings from their original and best-selling Starting Out opening series. The Classical Sicilian is one of Black's most popular and highly regarded opening choices against 1 e4, and it's been a favourite of such greats as Vladimir Kramnik, Alexei Shirov and Vishy Anand. White has a number of aggressive ways to battle against the Classical: the fashionable Richter-Rauzer Attack; Bobby Fischer's favourite, the Sozin Attack; and finally the wild Velimirovic Attack, and no work on the Classical would be complete without a study of these fascinating variations. The Grand Prix Attack is one of White's most aggressive ways of fighting the Sicilian. It leads to a sharp, complex battle from the very

beginning, and White's play is characterized by its lightning attacks against the black king. The opening became a powerful weapon to use in the cut and thrust of weekend tournament chess, where victory is everything and draws are not enough. It steadily became more popular and even gained the seal of approval from some of the world's elite such as the UK's top two Grandmasters, Nigel Short and Michael Adams, who have both utilized it with success. Everyman Chess's Starting Out series has firmly established itself as the leading guide to studying openings for up-and-coming players. These books are distinguished by their easy-to-read layout, the lucid explanations of the fundamentals, and the abundance of notes, tips and warnings to help the reader absorb vital ideas. Starting Out opening books are ideal for enthusiastic chess players who have little experience of the openings in question and who wish to appreciate the essential principles behind them. *User-friendly design to help readers absorb ideas *Concentrates on the fundamental principles of the openings *Ideal for improvers, club players and tournament players

This a completely new edition, updated and extended from the original 2009 publication. It includes important changes in the basic framework of the repertoire and presents lots of new ideas and hundreds of novelties. The Sicilian Defence is the most widely played chess opening, both at club level as well as among top grandmasters. Since Black gets dynamic play in almost all variations, Black players of all levels will probably continue to play the Sicilian for a long time to come. It has been difficult for White to obtain any advantage in Sicilian sidelines, and this book therefore presents a complete repertoire for White in the most important main lines: the Open Sicilians with 1.e4 c5 2.Nf3. Each variation is presented with its main ideas, its typical tactics and strategies, and with
