Masterclass—Courageous dreaming

Dreaming The World Into Being.. Alberto Villoldo writes in his book "Courageous Dreaming: How Shamans Dream the World Into Being": "Physicists understand that in the quantum world of the universe's smallest elemental parts, nothing is "real" until it is observed. But quantum events do not occur in the laboratory only.

Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself - that is, "life is but a dream." When you don't dream your life, you have to settle for the nightmare being dreamed by others.

Have you tried praying, meditating, affirmations, the Secret, the Law of Attraction, and other forms of psychological, mystical, and spiritual intervention, and yet nothing seems to change or change quickly enough? If so, there is a reason. The Shamans know the reason and how to overcome it simply and elegantly. The obstacles lay hidden in the depths of your soul and subconscious, and this is where the Shaman's secrets do their work. In clear, simple language, Jon Rasmussen unveils the timeless knowledge, techniques, processes, and worldview that will allow you to dream your ideal experiences into being. With a gentle audacity, he fully informs, inspires, and challenges you to try a radically different approach to making the desired changes in your life and in the world. He then offers his own vision in order to inspire your dreaming and participation in the collective process of creating a better world now and for generations to come.

The Heart of the Shaman will take you on a journey into the sacred world of the shaman, through stories, dreams, and ancient rites. In his latest book, Alberto Villoldo sets his focus on the dreaming and time-travel practices of the medicine men and women of the Andes and Amazon, whose wisdom radically changed his worldview. Villoldo shares some of their time-honored teachings that emphasize the sacred dream: an ephemeral, yet powerful vision that has the potential to guide us to our purpose and show us our place in the universe. The practices in this book will help you forge a sacred dream for yourself. They will help you craft a destiny infused with courage, and driven by vision. You'll be invited to follow the footsteps of the luminous warrior and learn how to break out of the three nightmares surrounding love, death, and safety that have held you captive, and transform them into the experience of timeless freedom, known as the Primordial Light. This creative power exercised by shamans will lead you to create beauty and healing, and dream a new world into being. When you transform these dreams and accept that life is ever changing, that your mortality is a given and that no one except you can free you from fear—the chaos in your life turns to order, and beauty prevails. "Wake up from the slumber you are living in, and dream with your eyes open so that all the possibilities of the future are available to you."

One of the pioneers in the areas of energy healing and shamanism recounts twelve stories of miraculous healings; twelve stories in which, through the use of shamanic energetic techniques, people experience extraordinary physical and emotional healings. Meet a dancer who could barely walk until a series of sessions with Villoldo, a business woman who is freed from headaches and discovers the benefits of an integrated interior life, and a young woman who confronts her past and recovers from crippling depression. Each of these stories is rooted in Villoldo's experience as a healer, a traditional mental health professional, and a devotee of indigenous wisdom and lore from around the world. Having devoted 25 years of study to the healing practices of the Amazon and Andean shamans, Alberto Villoldo, PhD, is teaching people how to actually grow new bodies. By learning the ancient Shaman wisdoms from Alberto Villoldo, you can heal disease, eliminate emotional suffering and even grow new bodies that age and heal differently. The stories in this book are amazing and inspiring.

A neuroscientist and a shaman team up to offer a five-week plan that helps prime the brain for enlightenment and incorporates nutritional advice, dietary supplements, physical exercise, shamanic practices, meditation and visualizations.

The Four Insights are the wisdom teachings that have been protected by secret societies of Earth keepers, the medicine men and women of the Americas. The Insights state that all creation humans, whales, and even stars is made from light manifest through the power of intention. The Earth keepers mastered the Insights, and used them to heal disease, eliminate emotional suffering, and even grow new bodies that age and heal differently. Mastery of the Insights allows you to reinform your DNA and participate consciously in your biological, emotional, and spiritual evolution. According to the prophecies of the Maya, Hopi, and In Ka Earth keepers, we're at a turning point in human history, when a new species of human will give birth to itself. We're going to take a quantum leap into what we're becoming and will no longer be Homo sapiens but Homo luminous. The Four Insights reveal ancient technologies we can practice for becoming beings of light with the ability to perceive the energy and vibration that make up the physical universe at a much higher level.
