the practice of blood magic is as natural as breathing. It's all she's ever known. Growing up on an isolated farm in Kansas with other practitioners may have kept her from making friends her own age, but it has also given her a sense of purpose—she's connected to the land and protective of the magic. And she is able to practice it proudly and happily out in the open with only the crows as her companions. Mab will do anything to keep the ancient practice alive and guard its secrets. But one morning while she is working out a particularly tricky spell she encounters Will, a local boy who is trying to exorcise

some mundane personal demons. He experiences Mab's magic in a way his mind cannot comprehend and is all too happy to end their chance meeting. But secrets that were kept from Mab by the earlier generations of blood magicians have come home to roost. And she and Will are drawn back together, time again by this dangerous force looking to break free from the earth and reclaim its own dark power. "The power of this narrative lies in the gorgeous prose, lush with a gothic sensibility, ripe with sensual images of horrific beauty. . . . Passion, heartbreak, yearning and dread bleed from every page. A

perfect book for those who loved Wuthering Heights and are looking for an essentially American gothic."--Kirkus Reviews

Opposites in almost every way, mortally suspicious of each other at first, Lyndon Baines Johnson and Martin Luther King, Jr., were thrust together in the aftermath of John F. Kennedy's assassination. Both men sensed a historic opportunity and began a delicate dance of accommodation that moved them, and the entire nation, toward the historic Civil Rights Act of 1964 and the Voting Rights Act of 1965. Drawing on a wealth of newly

available sources -- Johnson's taped telephone conversations, voluminous FBI wiretap logs, previously secret communications between the FBI and the president -- Nick Kotz gives us a dramatic narrative, rich in dialogue, that presents this momentous period with thrilling immediacy. Judgment Days offers needed perspective on a presidency too often linked solely to the tragedy of Vietnam. We watch Johnson applying the arm-twisting tactics that made him a legend in the Senate, and we follow King as he keeps the pressure on in the South through protest and passive

resistance. King's pragmatism and strategic leadership and Johnson's deeply held commitment to a just society shaped the character of their alliance. Kotz traces the inexorable convergence of their paths to an intense joint effort that made civil rights a legislative reality at last, despite FBI director J. Edgar Hoover's vicious whispering campaign to destroy King. Judgment Days also reveals how this spirit of teamwork disintegrated. The two leaders parted bitterly over King's opposition to the Vietnam War. In this first full account of the working relationship between Johnson and

King, Kotz offers a detailed, surprising account that significantly enriches our understanding of both men and their time.

I was floating through my life, safe and warm, before my parents died. My life capsized as the unanswered questions began to pile up. The only place I could begin to find answers was in Bar Harbor, Maine. The first one I found was that everything I'd known was a lie. As the truths continued to unravel, I stumbled on Saint. His reputation was as tumultuous as the sea, his past a dark storm. His scars were so deep and mine so fresh that
