One of the most important artists of the twentieth century and an icon of courageous womanhood, Frida Kahlo lives on in the public imagination, where her popularity shows no signs of waning. She is renowned for both her paintings and her personal story, which were equally filled with pain and anguish, celebration and life. Thousands of words, including her own, have been written about Kahlo, but only one previous biography has recorded her fascinating, difficult life. Frida Kahlo by Maria Hesse offers a highly unique way of getting to know the artist by presenting her life in graphic novel form, with striking illustrations that reimagine many of Kahlo's famous paintings. Originally published in Spanish in 2016, Frida Kahlo has already found an enthusiastic audience in the Spanish-speaking world, with some 20,000 copies sold in just a few months. This translation introduces English-language readers to Kahlo's life, from her childhood and the traumatic accident that would change her life and her artwork, to her complicated love for Diego Rivera and the fierce determination that drove her to become a major artist in her own right. Maria Hesse tells the story in a first-person narrative, which captures both the depths of Frida's suffering and her passion for art and life.

One of Mexico's most celebrated new novelists, F. G. Haghenbeck offers a beautifully written reimagining of Frida Kahlo's fascinating life and loves. When several notebooks were recently discovered among Frida Kahlo's belongings at her home in Coyoacán, Mexico City, acclaimed Mexican novelist F. G. Haghenbeck was inspired to write this beautifully wrought fictional account of her life. Haghenbeck imagines that, after Frida nearly died when a streetcar's iron handrail pierced her abdomen during a traffic accident, she received one of the notebooks as a gift from her lover Tina Modotti. Frida called the notebook "The Hierba Santa Book" (The Sacred Herbs Book) and filled it with memories, ideas, and recipes. Haghenbeck takes readers on a magical ride through Frida's passionate life: her long and tumultuous relationship with Diego Rivera, the development of her art, her complex personality, her hunger for experience, and her ardent feminism. This stunning narrative also details her remarkable relationships with Georgia O'Keeffe, Leon Trotsky, Nelson Rockefeller, Ernest Hemingway, John Dos Passos, Henry Miller, and Salvador Dalí. Combining rich, luscious prose with recipes from "The Hierba Santa Book," Haghenbeck tells the extraordinary story of a woman whose life was as stunning a creation as her art.

In this colorful recreation of the childhood and early adulthood of Mexican muralist Diego Rivera, his daughter Guadalupe Rivera Marin explores the ideological and artistic development of a revolutionary painter. Rivera Marin begins with a pivotal trip that Diego took with his father at the age of six and continues through his travels in Europe, prior to his return to Mexico, where he would later marry Frida Kahlo and found the muralist movement. With bold colors and decisive brush strokes, Diego Rivera's legacy to the international arts community is undeniable. His murals and paintings grace iconic buildings and cultural centers throughout Mexico, in accordance with Rivera's commitment to making his art available to the working-class people he often portrayed in his works. In these buildings and popular spaces, Rivera's art serves to educate succeeding generations about Mexican history, art, and society. As passionate about politics as he was about art, Rivera dared to fight for societal change with a brush and a bomb. Not content to watch from the comfort of his studio, Rivera became an active participant in world politics, fighting alongside the Zapatistas in the hills of southern Mexico and the socialist and anarchist revolutionaries on the streets of Barcelona and Paris. Charting his childhood before the Mexican Revolution through his years in a Europe immersed in the Bolshevik revolution, this vivid portrait offers a thorough examination of Rivera's creative and intellectual evolution. Rivera Marin captures an essential time for Rivera before he became recognized as one of the premier artists of Mexico. During his travels through France, England, Spain, Switzerland, and Italy, he embraced the Avant-Garde that he later rejected and replaced with the nationalist and revolutionary art that became the basis for the great Mexican muralist movement. Populated by significant figures such as Emiliano Zapata and Vladimir Lenin, Rivera Marin's book about her father's political coming of age is both the story of the man and the epic times in which he lived.

Because she does not sew, cook, or dance like a "proper senorita", Frida cannot please her mother until she saves the day at the fiesta with her special talent.

With great gusto, a child's grandmother performs deep knee bends, consumes a breakfast of "huevos estrellados," and practices vocal exercises before going to work as a storyteller.
