Read Book The Secret Life Of William Shakespeare

one of the greatest writers of all time that some people doubt he could really have written so many astonishing plays. We know that he married Anne Hathaway, who was pregnant and six years older than he, at the age of eighteen, and that one of their children died of the plague. We know that he left Stratford to seek his fortune in London, and eventually succeeded. He was clearly an unwilling craftsman, ambitious actor, resentful son, almost good-enough husband. But when and how did he also become a genius? The Secret Life of William Shakespeare pulls back the curtain to imagine what it might have really been like to be Shakespeare before a seemingly ordinary man became a legend. In the hands of acclaimed historical novelist Jude Morgan, this is a brilliantly convincing story of unforgettable richness, warmth, and immediacy.

In this intimate Victorian life of the father of the detective story, Mr. Clarke uncovers and explores, with insight and sympathy, the private relationships of a fascinating writer. A literary coup...casts a fresh beam of light on the great, dark seam of Victorian sexual mores. —Observer

Using exclusive access to newly uncovered archives, Kalush and Sloman reveal the clandestine agreements in which the British and Americans recruited Houdini to be an active secret agent. In exchange for his cooperation, the governments of these

two countries facilitated his rise to the top of the world stage. The authors give thrilling accounts of his assignments, such as his participation in early aerial surveillance and his use of his own magic magazine to communicate espionage-related information. After the war, Houdini embarked upon what became his most dangerous mission when he took on the Spiritualist movement. Convinced that Spiritualist mediums were frauds, he became obsessed with exposing them. But the Spiritualists were a powerful adversary. An organized network of fanatics, led by Sherlock Holmes creator Arthur Conan Doyle, worked relentlessly to orchestrate a campaign that would silence Houdini forever. Grounded in solid research, but as exciting and dramatic as a good thriller, *THE SECRET LIFE OF HOUDINI* traces the magician's long and circuitous route from struggling vaudevillian to worldwide legend.

Secrets abound in a quiet English village, in this novel filled with “piercing insights into married life and smalltown living” (Publishers Weekly). Laura is a content married mother of two—but when her first love resurfaces after twenty years, she begins to question her choices. She can’t help but compare the passion of that relationship with the domesticity of her suburban life. What if she’d stayed with him? Would she be happier? And what is happiness, really? Right now, Laura feels a little alone. But in fact, many others in her gentrified corner of the English countryside—including a rector who’s lost his faith, a frustrated school teacher, and a successful single mother who can’t get over her ex—are struggling with their

own personal crises as well . . .

Looks at the life of the popular television and film actor, while focusing on the secret gay life that he led while maintaining a heterosexual public persona in order to protect his career.

The captivating story of the famed Savoy Hotel's founders, told through three generations—and one hundred years—of glamour and high society. For the gondoliers-themed birthday dinner, the hotel obligingly flooded the courtyard to conjure the Grand Canal of Venice. Dinner was served on a silk-lined floating gondola, real swans were swimming in the water, and as a final flourish, a baby elephant borrowed from London Zoo pulled a five-foot high birthday cake. In three generations, the D'Oyly Carte family and London's Savoy Hotel pioneered the idea of the luxury hotel and the modern theater, propelled Gilbert and Sullivan to lasting stardom, made Oscar Wilde a transatlantic celebrity, inspired a P. G. Wodehouse series, and popularized early jazz, electric lights, and Art Deco. Following the history of the iconic Savoy Hotel through three generations of the D'Oyly Carte family, *The Secret Life of the Savoy* brings to life the extraordinary cultural legacy of the most famous hotel in the world.

In one of those rare books that allows us to see the world not as we've never seen it before, but as we see it daily without knowing, Victoria Nelson illuminates the

Read Book The Secret Life Of William Shakespeare

deep but hidden attraction the supernatural still holds for a secular mainstream culture that forced the transcendental underground and firmly displaced wonder and awe with the forces of reason, materialism, and science. In a backward look at an era now drawing to a close, *The Secret Life of Puppets* describes a curious reversal in the roles of art and religion: where art and literature once took their content from religion, we came increasingly to seek religion, covertly, through art and entertainment. In a tour of Western culture that is at once exhilarating and alarming, Nelson shows us the distorted forms in which the spiritual resurfaced in high art but also, strikingly, in the mass culture of puppets, horror-fantasy literature, and cyborgs: from the works of Kleist, Poe, Musil, and Lovecraft to Philip K. Dick and virtual reality simulations. At the end of the millennium, discarding a convention of the demonized grotesque that endured three hundred years, a Demiurgic consciousness shaped in Late Antiquity is emerging anew to re-divinize the human as artists like Lars von Trier and Will Self reinvent Expressionism in forms familiar to our pre-Reformation ancestors. Here as never before, we see how pervasively but unwittingly, consuming art forms of the fantastic, we allow ourselves to believe.

In this groundbreaking book, renowned magic expert Kalush and bestselling writer Sloman team up to expose Harry Houdinis secret life as a spy, and the stunning
