System Architecture by  
Morris Mano. Computer  
System Architecture is  
an introductory book  
for learning how to  
design computer  
hardware. The book  
has been written for  
people who may not  
have any prior  
knowledge of computer  
hardware. However,  
one is required to be  
aware of assembly  
language programming  
with a microcomputer.
