Ethics Auditing and Conflict Analysis as Management Tools

This website is maintained by the Global Conflict Sensitivity Community Hub (CSC-Hub) with the purpose of furthering what the understanding the concept of “conflict sensitivity” means in practice, in terms of organisational systems, project design, implementation, monitoring and evaluation of specific interventions.

Conflict Sensitivity - Primary Menu

Mockumentary. Max Brooks is the Ken Burns of zombie history. In World War Z, a nameless interviewer discusses the experiences of the zombie war with its survivors, and each survivor has a different take on the crisis depending on their occupation, social status, or area of the world they lived. Together, their combined stories create a patchwork showing us the global undead crisis as a whole.

Viewpoint: The Art and Science of Conflict Management

Ultra-high-field functional MRI (UHF-fMRI) allows for higher spatiotemporal resolution imaging. However, higher-resolution imaging entails coverage limitations. Processing partial-coverage images using standard pipelines leads to sub-optimal results. We aimed to develop a simple, semi-automated pipeline for processing partial-coverage UHF-fMRI data using widely used image processing algorithms.
