The Top Pros & Cons of Online Dating | eharmony

Dating websites have a wide range of singles, but some online daters limit themselves to only a particular section and hurt their chances. According to OkCupid's blog, "Site-wide, two-thirds of male messages go to the best-looking third of women.". That means high competition and less chance of success.

11 Reasons Why Online Dating "Sucks" For Men (And How It ...

The convenience of online dating lends itself to people who don't have the time or inclination to date in real life. And if that's the case, you're probably not going to change their minds. (Because let's face it, there may be very good reasons why they don't want to meet in person -- like not wanting to be outed for using fake pictures, etc.).
