Discoveries And Opinions Of Galileo

The exerpts from Galileo have been edited to maintain the focus on why Galileo is important to history and science, without losing his flavor or his pugnacious style. The point made by Galileo himself and the book are that Galileo pointed out that from then on, evidence would be the standard by which we would judge our knowledge of the world, not authority, word-play, logical proofs or arguments, etc.

Discoveries and Opinions of Galileo: Galileo Galilei ...

What's most extraordinary about Galileo's discoveries is how his celestial revelations necessitate Darkness. Our first modern scientist had to wait for the sun to descend deep into night before he
