A civilization is a complex human society, usually made up of different cities, with certain characteristics of cultural and technological development. In many parts of the world, early civilizations formed when people began coming together in urban settlements. However, defining what civilization is, and what societies fall under that designation, is a hotly contested argument, even among today’s anthropologists.

Perceptions of Culture and Civilization The words ‘culture’ and ‘civilization’ have been often used synonymously, though they have different meanings. By definition, culture is the tastes in art and manners that are favored by a social group. On the other hand, ‘Civilization’ means the betterment of ways of living, making nature bend to fulfill the needs of humankind. It includes also organizing societies into politically well-defined groups working collectively for improved conditions of ...
